Request for a Specific Learning Environment

Parents who wish to request a particular learning environment are welcome to submit such a request by completing this form. Our goal in placing students in classes for the upcoming year is to ensure that classes are “balanced” in terms of gender, instructional needs, etc.

Please understand that the completion of this form is only a *request for a learning environment (such as a structured or nurturing environment)* and ***not*** for a specific teacher. Full consideration will be given to each request submitted annually by **April 15**. Drop your request off at the school office. Thank you.

Child’s Name: _____ **Current Teacher:** _____
Next Year’s Grade: _____

What are your child’s strengths, both at home and at school?

Describe any information regarding your child’s physical, instructional, social, or emotional needs:
